BUILDING A CARING COMMUNITY
A FUNDRAISING CAMPAIGN FOR ZERIN PLACE ON CLARKE ROAD

Zerin Place on Clarke Road is an affordable housing project with 65 units under construction. The building will be ready for occupancy by September 2021. Zerin is a developer of housing units and a believer in *Building a Caring Community* with people not just for people. To this end we plan to make it feel like home for all who move in.

We have the opportunity to make this residence a welcoming place to a diverse community of people who hope to live in their dream home in dignity with a sense of hope and joy . . . this is Zerin's vision.

Zerin has launched a fundraising campaign called [**Building a Caring Community**](#). We are asking for donations to help us to furnish, equip and put the finishing touches on common areas, the lobby and the office at *Zerin Place on Clarke Road* in order to beautify the residence both inside and out. Let's help make it feel like home.

In recognition of the generosity of donors, an artistically-designed donor wall will be on display in the entrance lobby. For donations of \$300 or more donor names (individual/family/company) will be displayed on the wall. Special recognition will be given for larger donations of up to \$500, \$1,000, \$2,500 and \$5,000.

Donors will receive a tax receipt for donations of \$10 or more. All donor names will be recognized on Zerin's website. Donations of useable furniture and equipment will be considered as well.

We invite you to make a donation and spread the word. Will you join us in creating a place where people feel supported and encouraged to be themselves? Each one belongs. Each one can contribute.

Click [here](#) or go to Zerin's website www.zerindevelopment.ca to donate.
